**Still not sure if square dancing is
 for you? Most clubs offer the first
 lesson (or two) FREE, so you can give
 it a try. Call & talk to your area club.**

Modern Western Square Dancing is not what you remember from grammar school. It's a great social activity, lively and upbeat, and we dance to a variety of music. Square dancing provides more than the daily dose of heart and bone healthy physical activity, and remembering all the calls keeps the mind sharp too. We invite all you singles, couples and families to come and JOIN THE FUN!

A typical evening is about three hours long and, in that time, dancers will twirl across the floor to the music of Toby Keith's "Who's Your Daddy?", The Stray Cats' "Rock This Town", Keith Urban's "Somebody Like You", as well as songs by the Beatles, Elvis Presley and many others. It has been said square dancing will help you live ten years longer. It takes your mind off of the day-to-day problems; all those worries and stressful thoughts disappear when you're dancing.

You say you're tempted, but not sure if you've got what it takes? Don't underestimate yourself. Square dancing is not as complex as it looks; you just learn one move at a time and go from there. Most clubs offer the first night or two free. So what's stopping you from giving it a try? Square dance clubs are dancing all across the world, so you can travel and meet lots of new friends as a dancer. On the inside of this pamphlet is the name, location, and contact number of every club in this area.

Square Dancers in this area, as of this printing, run in age from pre-teens as young as 6 years old to one couple that are both over 90 years old, and are still dancing and having a great time. So, as you see, Square Dancing is really something anyone can do. And you can too!

You can find out about lessons and check out the local clubs at the Mount Baker Council's website at www.sqdance.org
